Notice of Proposed Revisions to the Federal Custody and Control Form.

Thank you for the opportunity to respond, your time in reviewing our comments is greatly appreciated

Comment

proposed item to list the acronyms for the Federal testing authority under which the specimen is being collected.

The new Step 1(d) would read as follows: D. "Specify Testing Authority: HHS, NRC, DOT-Specify DOT Agency: FMCSA, FAA, FRA, FTA, PHMSA, USCG" with a checkbox beside each agency name.

As MRO service providers for almost 25 years - We would find the inclusion of this data very helpful in providing the specific mode requirements for each covered company. In addition it would prove educational to covered employers, by having to provide this data to the collection facility it will help them understand what DOT authority they are covered under.

Will be changed to "After the Medical Review Officer receives the test results for the specimen identified by this form, he/she may contact you

This change is very appreciated!!

Once again

Thank You

Diane Schwimmer
